About Us

The Great Grub Club website is produced by World Cancer Research Fund (WCRF UK) as part of our children's education programme. The website is aimed at 4-7 year olds and strives to encourage healthy eating and an active lifestyle in a fun and informative way. We hope that by visiting our interactive site, children will become familiar with healthy living messages and develop positive habits that will follow them through to adulthood.

Scientific research shows that 30-40% of cancers could be prevented if we eat healthily, maintain a healthy weight and lead an active lifestyle. Due to the age of the target audience, the Great Grub Club website does not refer to the link between healthy living and cancer prevention. However, it is our long-term goal that children will be encouraged to lead a healthy lifestyle that could help reduce their risk of cancer in the future.

The Great Grub Club website is supported by a grant from the Department of Health.

World Cancer Research Fund (WCRF UK) is registered with the Charity Commission in England and Wales (Registered Charity No: 1000739).
