About Us

The YIP mission is to focus on the 25 most-at-risk young people aged 13-17, as well as work with a wider group of young people in the area. The overall aim of the project is to ensure the most-at-risk young people are included in mainstream activities by offering support to help them

overcome a variety of social problems. The project also has a wider remit to work with young people who have poor school attendance and are in need of additional support.
