About Us

Child protection is about the safeguarding of children who are being abused or are in danger of being abused.

We have multiple groups and agencies dedicated to the safeguarding of children. Children's services, health services, police and voluntary groups, and groups concerning children, parents, carers and schools all work together to ensure that children are safe and protected.

Training in child protection is provided for those working with children and each school must have a designated teacher for child protection matters. Children at risk of physical, emotional or sexual abuse, or neglect, may be placed on a confidential register following a child protection case conference. Equally, a formal decision is required to remove the name of a child from the Child protection register. For additional information and guidance please download the leaflets and information sheets below.

If you have ANY concerns about possible abuse it MUST be reported.

To report possible abuse or for general advice please call 01454 866000.

If a child or young person is in immediate danger then please dial 999 and ask for police assistance.
