About Us

The council is committed to ensuring strong communities, where people feel comfortable and proud to live, with a vibrant civic culture and a strong local economy.

The challenge for South Gloucestershire Council is reflected in the diversity of communities that the council serves - rural, urban, industrial, commercial and agricultural. We aim to do this in a way that is sustainable, that gives everyone the same opportunities as well as giving people pride in their community.

If you want to help your community, the information here will help you, providing support, skills and confidence to work with the council in achieving community goals.
