**About Us**

Wheels targets disaffected and disadvantaged teenagers who are at risk of failing in education, training or employment. We run a progressive range of certificated motor vehicle based programmes which are practical and serve as an introduction into employment within the motor industry. We address issues including Road Safety and crime prevention. Each programme includes a driving activity. These are conducted for groups of upto 8 young people in our large,

professionally equipped workshops and supervised by experienced, qualified staff. Full details can be found on our website.
